```
      G7                          C        C
I keep a close watch on this heart of mine
         G7                   C        C7
I keep my eyes wide open all the time
        F                        C        C
I keep the ends out for the tie that binds
               G7              C      C
Because you're mine, I walk the line
```

```
      G7                  C      C
I find it very, very easy to be true
         G7                   C         C7
I find myself alone when day is through
        F                     C       C
Yes, I'll admit that I'm a fool for you
               G7            C       C
Because you're mine, I walk the line
```

```
          G7                        C       C
As sure as night is dark and day is light
          G7                        C       C7
I keep you on my mind both day and night
          F                         C       C
And happiness I've known proves that it's right
              G7            C       D   D
Because you're mine, I walk the line

          A7                        D       D
You've got a way to keep me on your side
              A7                    D       D7
You give me cause for love that I can't hide
          G                         D       D
For you I know I'd even try, to turn the tide
              A7            D       D
Because you're mine, I walk the line

          A7                        D       D
I keep a close watch on this heart of mine
              A7                    D       D7
I keep my eyes wide open all the time
              G                     D       D
I keep the ends out for the tie that binds
              A7            D       D
Because you're mine, I walk the line
              A7            D       D ///
Because you're mine, I walk the line
