

# I Wanna Buy Your Truck

Fred Eaglesmith

Key of G

INTRO: G /// Am /// D /// G ↓

**G** **Am**  
So many mornings of so many days

**D** **G**  
I'm just dreamin' out my window of going away

**Am**  
I dream of white lines, cigarette stops

**D** **G** **G** ↓  
Broken down shoulders, rusty old trucks

**G**  
I wanna buy your truck

**Am**  
I don't like what I'm doing

**D**  
I want to give it up

**D7**  
I want to do something else

**G**  
I like the way that it shines

**Am**  
Hey, I'm really stuck

**D** **D** ↓  
In this life of mine

**G**  
I wanna buy your truck

**G** **Am**  
And the dust devil drive shafts, the mirrored mirages

Broken silhouettes, falling down garages  
Chrome grill reflections just out of the lights  
Onto the pavement, into the night

I wanna buy your truck  
I don't like what I'm doing  
I want to give it up  
I want to do something else  
I like the way that it shines  
Hey, I'm really stuck  
In this life of mine  
I wanna buy your truck

### Instrumental

And the dust devil drive shafts, the mirrored mirages  
Broken silhouettes, falling down garages  
Chrome grill reflections just out of the lights  
On to the pavement, into the night

When I get to the ocean  
I'm going to drive right in
